

Anytime You Want Me

Alexander

Oh Anytime you want me - Oh I'll be there
Anytime you need me - Oh I'll take care
Oh Anytime you want me - I'm your friend
Anytime you need me - Don't let it end

Pretty baby, sooner or later, Oh we are all alone
Pretty baby, Oh Don't hurt me, you are everything I Own
But if your heart will leave, there's no place for me my baby
But there's one thing you should know

Pretty baby, if you miss me, Love will always find a friend
Pretty baby, if you kiss me, I'm feeling stronger every day
If you'll stay it feels like paradise

If you want my heart, Oh don't tear apart
There's a place for us my baby
And I know that time will show
