

# Free like the Wind

Alexander

He fights hard, will he reach his aim?  
He'll survive for his friends  
He is like a crying wolf tonight  
He's the winner in the end  
He is proud and he'll take his chance  
He is fighting for his last friends  
But his freedom  
Oh, it's not for free  
But he feels, he will survive

He is free, free like the wind  
He is free and he will win  
Cause he's fighting for the hon our  
To be free  
He is free, free like the wind  
He is free and he will win  
Cause his heart is brave  
He's fighting for his life, oh no

He had it all  
What they took away  
Sometimes proud and sometimes sad  
But he's fighting for a better life  
What you give is what you get  
He can make it  
If he really tries  
Take the chains, throw them away  
He has the power and he don't give up  
Feeling stronger ervery day

He is free, free like the wind  
He is free and he will win  
Cause he's fighting for the honour  
To be free  
He is free, free like the wind  
He is free and he will win  
Cause his heart is brave  
He's fighting for his life, for his life
