

## Here I Am

Alexander

There'll be times when you feel so lost and lonely  
I know I've been there  
I understand a helping hand means so much more  
So don't despair cause I'll be there  
You never walk alone

Here I am - Just for you  
Here I am and there's nothing that I wouldn't do

If there's anything in heart desires  
Anything at all  
Take my heart cause here I am

Tell me how can I proof my honesty  
And show you how much I care  
So tenderly follow me , and take my hand  
And I'll be there , and this I swear  
You'll never walk alone

If there's anything in heart desires  
Anything at all  
Take my heart cause here I am

If only I could find a word , to show you how I feel  
Cause only I can help you see the truth  
Hey oh and should you ever doubt yourself  
This what I have to say  
Be there for me and I'll do what I can

Here I am  
If there's anything in heart desires  
Anything at all  
Take my heart , take my heart  
If there's anything in heart desires  
Anything at all  
Take my heart , take my heart cause here I am
