

# I Need You

Alexander

Album: Take your Chance (2003)

Oh baby, yes I'm sorry

Oh that's no way to say goodbye

No baby, Oh don't worry,

I believe I am too young to die

Oh leaving me is easy

I'm the biggest fool of all

Oh leaving me is easy,

Oh I lost behind the wall why does a man have to be strong,

If he needs your call

Refrain:

Girl, I need you, just in my heart more than words can say

Girl, I miss you, right from the start since you went away

If you leave me you'll take my breath away

Oh Baby, Oh we're walking,

Together through a lonely night

Oh Baby, Oh we're talking,

You can run but you can't hide

If you found another love things ain't what they used to be

If you found another love,

I'm living with a memory why does a man have to be strong,

If you set him free

Refrain
