

Like a Hero

Alexander

Love needs a heart
Every time and every moment
From the star
He will fight just for a stream

Only love sets him free
Gives the power and the glory
You will see that he will win
Just in the end

Like a hero he will die for you
Like a hero see what love can do
Like a hero he won't lose his life
Like a hero cause the strong survive

Ohhhh

Love is like a sort
And it helps to be a free man
It's like a war
And will fight just to be free

Oh no

Only love is here to stay
Gives you order and emotion
There's a wave he wins his fight
In the end
In the end

Like a hero he will die for you
Like a hero see what love can do
Like a hero he won't lose his life
Like a hero cause the strong survive

Like a hero he will die for you
Just like a hero see what love can do
What love can do
Like a hero he won't lose his life
Like a hero cause the strong survive
