

Stay with Me

Alexander

Album: Take your Chance (2003)

Hey girl, love is not a game for me
Can't you see ? baby you're the one for me
Cause you don't know my heart
Can't you feel ? baby you're my destiny
Cause you don't know my love
If I give you everything
There's a place for me and you
Oh babe ? we're more, we're more than two
Oh darling, stay with me
I promise all my heart to you
Oh darling, can't you see
What a real love can do
Oh baby, stay with me
And maybe it's forever, girl
Just close your eyes for me
I show you a better world
I miss you so ? baby give me one more try
Cause you are the love of my life
Can't let you go ? baby I believe I'll fly
Cause our love will survive
You are like a kiss from a rose
There's a way for us to go
And our love will grow
Oh darling, stay with me
I promise all my heart to you
Oh darling, can't you see
What a real love can do
Oh baby, stay with me
And maybe it's forever, girl
Just close your eyes for me
I show you a better world
Baby, love is not a game for me
Oh can't you see, you're in my heart
Stay with me
I promise all my heart to you
Oh darling, can't you see
What a real love can do
Oh baby, stay with me
And maybe it's forever, girl
Just close your eyes for me
I show you a better world
Your in my heart
Stay with me
I promise all my heart to you
Oh darling, can't you see
What a real love can do
Oh baby, stay with me
And maybe it's forever, girl
Just close your eyes for me
I show you a better world
