There Is No Good in Goodbye

Alexander

Tears fall, times called sunsites in your heart the games lost, the spinning world stops you say the course has been run and that the end has now come please don't mean it's over 'cos there's..... ... no good in goodbye let's dry our tears and give this love just one more try there's so much history don't throw it away cause tomorrows a brand new day stay with me Dreams die, the crow will fly a kiss can't last all night the moon sinks and for my last wish you and I share this heart please don't tear our dreams apart there's..... ... no good in goodbye let's dry our tears and give this love just one more try there's so much history don't throw it away cause tomorrows a brand new day
