

# We Had It All

Alexander

Album: Take your Chance (2003)

Love needs no reason love keeps your heart so strong (oh my love)  
Love needs no reason without love you can't go wrong (oh my love)  
I wish you were here tonight by my side oh don't cry a tear,  
my love never dies

Refrain:

We had it all - we lived a dream how can we fall - oh where we've been

We had it all - dreams never lie

Life is too short - we have to try

Time loves the hero who will be there when you're gone (oh my love)  
we started from zero I lived a thousands lives in one (oh my love)  
Oh I'll give it all to be here tonight catch me when I fall  
and stay by my side
