

This Love Will Survive

Alexandra Burke

Ah ah ah, yeah
Ah ah ah, yeah

It's been so long
That it's wrong
Don't let me wonder life alone
Cause there is a reason
It's not the season
It is time for us to fall in love

Give me a sign now
Show me the way
Take my hand, I won't be afraid
Show me the love that blew me away
I said

Ah ah ah, yeah
I feel alive
Ah ah ah, yeah
This feels so right
When you hold me
When you kiss me
The way you let me shine
Ah ah ah, yeah
This love will survive

So what's the deal
What do you feel
Cause baby I can't take no more
We've got to be stronger
A little longer
I need you to take control

Give me a sign now
Show me the way
Take my hand, I won't be afraid
Where is the love that blew me away
I said

Ah ah ah, yeah
I feel alive
Ah ah ah, yeah
This feels so right
When you hold me
When you kiss me
The way you let me shine
Ah ah ah, yeah
This love will survive

This love will survive
Hey, oh
This love will survive
Oh

Ah ah ah, yeah
I feel alive
Ah ah ah, yeah

This feels so right
When you hold me
When you kiss me
The way you let me shine
Ah ah ah, yeah
This love will survive
