

# This Love Will Survive

Alexandra Burke

Ah ah ah, yeah  
Ah ah ah, yeah

It's been so long  
That it's wrong  
Don't let me wonder life alone  
Cause there is a reason  
It's not the season  
It is time for us to fall in love

Give me a sign now  
Show me the way  
Take my hand, I won't be afraid  
Show me the love that blew me away  
I said

Ah ah ah, yeah  
I feel alive  
Ah ah ah, yeah  
This feels so right  
When you hold me  
When you kiss me  
The way you let me shine  
Ah ah ah, yeah  
This love will survive

So what's the deal  
What do you feel  
Cause baby I can't take no more  
We've got to be stronger  
A little longer  
I need you to take control

Give me a sign now  
Show me the way  
Take my hand, I won't be afraid  
Where is the love that blew me away  
I said

Ah ah ah, yeah  
I feel alive  
Ah ah ah, yeah  
This feels so right  
When you hold me  
When you kiss me  
The way you let me shine  
Ah ah ah, yeah  
This love will survive

This love will survive  
Hey, oh  
This love will survive  
Oh

Ah ah ah, yeah  
I feel alive  
Ah ah ah, yeah

This feels so right  
When you hold me  
When you kiss me  
The way you let me shine  
Ah ah ah, yeah  
This love will survive
