This Love Will Survive

Alexandra Burke

Ah ah ah, yeah Ah ah ah, yeah It's been so long That it's wrong Don't let me wonder life alone Cause there is a reason It's not the season It is time for us to fall in love Give me a sign now Show me the way Take my hand, I won't be afraid Show me the love that blew me away I said Ah ah ah, yeah I feel alive Ah ah ah, yeah This feels so right When you hold me When you kiss me The way you let me shine Ah ah ah, yeah This love will survive So what's the deal What do you feel Cause baby I can't take no more We've got to be stronger A little longer I need you to take control Give me a sign now Show me the way Take my hand, I won't be afraid Where is the love that blew me away I said Ah ah ah, yeah I feel alive Ah ah ah, yeah This feels so right When you hold me When you kiss me The way you let me shine Ah ah ah, yeah This love will survive This love will survive Hey, oh This love will survive Oh Ah ah ah, yeah I feel alive Ah ah ah, yeah

This feels so right When you hold me When you kiss me The way you let me shine Ah ah ah, yeah This love will survive
