

# Back to Light

Alexandra Stan

Been looking for an answer  
Been looking through desert of time  
Been waiting forever,  
And tryna find my way

Back to light  
Back to light  
Back to light  
Back to light

Don't know what it means  
Don't know where I've been  
But tonight I'm gonna let my hair down  
Don't be so mean, you'll cause a scene  
But tonight I'm gonna let my hair down

Been looking for a treasure  
Buried so deep behind my eyes  
Been waiting forever  
And tryna find my way

Back to light  
Back to light  
Back to light  
Back to light

I'm going back to light

Don't know what it means  
Don't know where I've been  
But tonight I'm gonna let my hair down  
Don't be so mean, you'll cause a scene  
But tonight I'm gonna let my hair down

I'm going in  
I'm going in  
I'm going in  
I'm going in  
I'm going in back to light  
I'm going in  
I'm going in  
I'm going in  
I'm going in  
I'm going in back to light

Don't know what it means  
Don't know where I've been  
But tonight I'm gonna let my hair down  
Don't be so mean, you'll cause a scene  
But tonight I'm gonna let my hair down
