

# Celebrate

Alexandra Stan

But your hope down and be here  
It's so clear what we came for  
Don't close the door, come inside  
And let the moment satisfy  
You, you

'Cause we were born to come to life  
Let's be reborn

'Cause you're not alone  
I sit right beside you  
So stop wasting time baby

Celebrate for the morning  
After a while we celebrate tonight  
Celebrate for the morning  
After so that now we'll never die

I'm gonna be right there with you  
Right by your side,  
While I open up your mind  
Celebrate for the morning  
After a while we celebrate tonight

Yeah we're gonna celebrate tonight  
Celebrate, celebrate, celebrate  
Celebrate, celebrate, celebrate  
Celebrate, celebrate, celebrate  
Celebrate, celebrate, celebrate  
Celebrate tonight  
We're gonna celebrate tonight

Celebrate for the morning  
After a while we celebrate tonight  
Celebrate for the morning  
After so that now we'll never die

I'm gonna be right there with you  
Right by your side,  
While I open up your mind  
Celebrate for the morning  
After a while we celebrate tonight

Yeah we gonna celebrate tonight  
Celebrate tonight  
We gonna celebrate tonight
