

# Dance

Alexandra Stan

Love all over the world  
Makin' love all over the world  
Ooh oh oh oh  
Love all over the world  
Makin' love all over the world  
Ooh oh oh oh

In my dreams you're falling, you're falling, you're falling down  
I'm breaking, I'm breaking your rules  
I really believe you can try and change your ways  
'Cause by the time you'll know I'm gonna take your hand  
Won't let you go  
We'll lose our mind, we'll lose our mind

Why don't you dance dance dance  
And with your very friends let's start a new romance  
Ooh oh oh  
Why don't you dance dance dance  
And with your very friends let's start a new romance  
Ooh oh oh  
Why don't you dance dance dance dance dance dance

Love all over the world  
Makin' love all over the world  
Ooh oh oh oh

This feels lost thinking there's nothing to bring you up  
I'll show you, I'll show we're no fools  
I'll make you believe you can turn your life around  
'Cause by the time you'll know I'm gonna take your hand  
Won't let you go,  
We'll lose our mind, we'll lose our mind

Why don't you dance dance dance  
And fall in love with friends, let's start a new romance  
Why don't you dance dance dance  
And fall in love with friends, let's start a new romance  
Why don't you dance dance dance  
And fall in love with friends, let's start a new romance  
Ooh oh oh  
Why don't you dance dance dance  
And fall in love with friends, let's start a new romance  
Ooh oh oh  
Why don't you dance dance dance dance dance dance

Why don't you dance dance dance  
And fall in love with friends, let's start a new romance  
Why don't you dance dance dance  
And fall in love with friends, let's start a new romance
