## Set Me Free

## **Alexandra Stan**

Nothing you do will get to me, I'm telling you All of the words you put before me, I tear them down For all the times you looked into my eyes and told me lies Now I'm moving on, singing this song I'm leaving you!

Whatever you do to me, You'll only set me free Whatever you do to me, You'll only set me free Whatever you do to me, You'll only set me free Whatever you do to me, You'll only set me free

Nothing you do will get to me, I'm telling you For all the times you looked into my eyes and told me lies Now I'm moving on, singing this song I'm leaving you!

Whatever you do to me, You'll only set me free Whatever you do to me, You'll only set me free Whatever you do to me, You'll only set me free Whatever you do to me, You'll only set me free
