

# Baby Baby Baby

Alexia

Baby, baby, baby  
Baby, baby, baby  
Every time I see you close the door  
Wish I could believe that you would never lie  
As I see you walking down the street tonight  
Ain't so sure that you'll be back again this time  
Every time that you are by my side  
Deep inside I know you'll never be my guy  
Yet I think you've never really been in love  
Baby, won't you tell me now the reason why?  
But I can't forget your eyes  
Memories will never die  
Baby, baby, baby  
Don't you want me  
Don't you need me by your side?  
    (Baby, baby, baby)  
Baby, baby, baby  
Don't you want me?  
Won't you hold me one more night?  
    (Baby, baby, baby)  
Every time I see you've got the blues  
There's a reason to be always by your side  
But when I feel that you can tell me only lies  
There's no chance for me to keep you satisfied  
If you look into my soul  
You could see your perfect world  
But I can't forget your eyes  
Memories will never die  
Baby, baby, baby  
Don't you want me  
Don't you need me by your side?  
    (Baby, baby, baby)  
Baby, baby, baby  
Don't you want me?  
Won't you hold me one more night?  
    (Baby, baby, baby)  
Baby, baby, baby  
Oh baby  
Baby, baby, baby  
Baby, baby, baby  
Don't you want me? (ooh)  
Don't you need me? (ah)  
Baby, baby, baby  
If you look into my soul  
You could see your perfect world  
But I can't forget your eyes  
Memories will never die  
Baby, baby, baby  
Don't you want me  
Don't you need me by your side?  
    (Baby, baby, baby)  
Baby, baby, baby  
Don't you want me?  
Won't you hold me one more night?  
    (Baby, baby, baby)  
Baby, baby, baby
