

## Claro De Luna

Alexia

A voice in the night  
Baby, I hear you calling  
A light in the dark  
And I remember the pain in my heart  
Claro De Luna  
A voice in the night  
Baby, I hear you calling  
A light in the dark  
And I remember the pain in my heart  
A passion inside  
Said that you loved me  
And would never give up  
But you told me lies, oh, baby  
Changed your mind  
Ran away and said goodbye  
Claro De Luna  
I'll never forget my baby  
Claro De Luna  
I'll never forget my sweetest night  
Claro De Luna  
I don't wanna cry  
But tears keep on falling  
I was so blind, I should have known  
There was something to hide  
I gave you my life  
And all that you wanted  
From me was a night  
I've opened my eyes now, baby  
You played with my heart  
Now I break down and cry  
Claro De Luna  
I'll never forget my baby  
Claro De Luna  
I'll never forget my sweetest night  
A voice in the night  
Baby, I hear you calling  
A light in the dark  
And I remember the pain in my heart  
Claro De Luna  
I'll never forget my baby  
Claro De Luna  
I'll never forget my sweetest night  
Claro De Luna  
I'll never forget my baby  
Claro De Luna  
I'll never forget my sweetest night
