

I Love My Boy

Alexia

I love my boy, I love my life
I love my crazy boy, my crazy life
Get ready for the weekend
We wanna have a party
Do the right thing
Be what you wanna be
I feel it in my fingers
I feel in my body
Get on up friends
And get into the beat
I love my life, la la la la la
Please tell me what you're thinking
Who's talking about me
Is he your friend, who's coming over me?
If there's nothing, you can do then
Stop talking about it
I love my baby
There's no-one else for me
