

# Money Honey

Alexia

I want your money honey  
I don't want your body  
Baby I don't need your love  
I want your money honey  
I don't want your body  
Baby I don't need your love  
I want your money honey  
I don't want your body  
Baby I don't need your love  
Cause my heart is made of steel  
I want your money honey  
I don't want your body  
Baby I don't need your love  
Cause I don't believe in love  
Love is a memory  
That I keep on hiding deep in my soul  
And every time I try save my heart  
I loose myself so bad  
Life is a mystery  
No one knows the secrets do brake trough  
And every time I try to change my ways  
I find myself alone  
I don't know what to do  
All alone sad and blue  
I never be that fool  
I leave the misery  
I don't want to fight for love anymore  
And every time I think of yesterday  
I see how it was wrong  
I know my destiny  
I don't want to shed my tears anymore  
And every time I think of all my pain  
I know that I'm strong  
Now I know what to do  
Don't wanna feel so blue  
I never be that fool  
Cause I don't  
Believe  
Cause I don't belive  
Cause I don't  
I want your money honey  
I don't want your body  
Baby I don't need your love
