

# Shake You Up

Alexia

Every time when I'm feeling blue  
I look inside me and I remember you  
Every time when I'm feeling blue  
I remember you  
Some words in my mind  
Talk about it all time  
Again and again  
And they just make me cry  
Oh baby, come on  
Before you give up and go  
Could you believe in love?  
Bad words and good times  
In my mind don't survive  
Again and again  
And they just make me die  
Oh baby, come on  
Before you give up and go  
Do you believe in love?  
Baby, I wanna shake you up  
Shake you up, shake you up  
Do you wanna take my heart?  
Baby, I wanna shake you up  
Shake you up, shake you up  
Take me up, baby, give up  
Baby, I wanna shake you up  
Come on, baby, shake you up  
All I want is another way  
Baby, I wanna shake you up  
Oh my baby, shake you up  
All I need is another say  
Sometimes on my mind  
I remember those times  
Again and again  
And they just tell me lies  
Oh baby, come on  
Before you give up and go  
Could you believe in love?  
Bad words and good times  
In my mind they revive  
Again and again  
And they don't say, "Goodbye"  
Oh baby, come on  
Before you give up and go  
Do you believe in love?  
Baby, I wanna shake you up  
Shake you up, shake you up  
Do you wanna take my heart?  
Baby, I wanna shake you up  
Shake you up, shake you up  
Take me up, baby, give up  
Every time when I'm feeling blue  
I look inside me and I remember you  
Every time when I'm feeling blue  
I remember you  
Baby, I wanna shake you up  
Shake you up, shake you up  
Do you wanna take my heart?

Baby, I wanna shake you up  
Shake you up, shake you up  
Take me up, baby, give up  
Baby, I wanna shake you up  
Come on, baby, shake you up  
All I want is another way  
Baby, I wanna shake you up  
Oh my baby, shake you up  
All I need is another day  
Every time when I'm feeling blue
