

Whenever You Want Me

Alexia

Whenever you want me baby
I'll bring you the sun
Whenever you need me darling
I'll shine in the dark
If you only could understand
Whatelse do you want me to do
If only you could see the reasons why
I wanted to come back to you
How many times
Do I have to cry all along the way
How many lies
Do I have to bear to be yours again
Whenever you want me baby
I'll bring you the sun
Whenever you need me darling
I'll shine in the dark
If only we could turn the pages
Forget how we've wasted our time
If only we could say the things we've never said
There's no higher mountain to climb
How many times
Do I have to loose all along the way
How many thing
Do I have to learn then to loose again
Whenever you want me baby
(if only I could find the answer)
You're always the reasons to be there
