

Hush Hush

Alexis Jordan

Everybody knows
Everybody knows that I'm coming for you tough
I'm coming for you tough
Everybody knows
Everybody knows that I'm coming for you tough
I'm coming for you tough

Are you scared? don't you run now
Welcome to the fun house
Tossed my emotions so here's the commotion
It feels good to hold the knife
Cut me out just right
Revenge and a kiss cause baby I'ma snitch

Hush hush hush
You know I'm coming for ya
Tough tough tough
I need your war in a

Rush rush rush
You better take over this quiet storm
