## **Love Mist**

## **Alexis Jordan**

The way, the way, the way you make me feel boy

Ooh oh, the way I feel when you touch me Ooh oh, no other like you can love me Ooh oh, the way I feel when we kiss Ooh oh, you got me feelin' love mist

It feels like sing-a-ling-ling boy When I think about us It feels like ting-a-ling-ling boy Feel the mist of our love Feels like ting-a-ling-ling boy When I think about us It feels like ting-a-ling-ling boy Feel the mist of our love

Can I get this feeling now Found no other in this world Bet it we can take it slow And forever be in love

Ooh oh, the way I feel when you touch me Ooh oh, no other like you can love me Ooh oh, the way I feel when we kiss Ooh oh, you got me feelin' love mist

Ooh oh, the way I feel when you touch me Ooh oh, you got me feelin' love mist

My arms need your love No one else's touch When I'm all alone Feels like my heart's crushed The feeling is right My days you'll make bright Together we rise Need your lovin' tonight

Can I get this feeling now Found no other in this world Bet it we can take it slow And forever be in love
