They are the nameless victims of a generation lost Searching for somewhere to exist Held captive by our mistakes, weak and unable to resist

Resentful minds have ruled too long You get old, weak and strong

We'll drag our hindsight through the twilight of this era To where our freedom reign and the old thought is laid to dust Let the philistines wallow in their decadence While the enlightened minds usher in the dawning of a new

We are heading for the sun, we are We are heading for the sun, we are We are heading for the sun, we are We are heading for the sun

Time will come when we are all condemned For all the damage we have done Held accountable for all battles lost, battles won

We are heading for the sun, we are We are heading for the sun, we are We are heading for the sun, we are We are heading for the sun

And the earth will coil each year getting closer to its end What will our lesson be when we are all ablaze? That our benevolence was the start of our decay Or that we did not learn from the mistakes of the past?

We are heading for the sun, we are We are heading for the sun, we are We are heading for the sun, we are We are heading for the sun
