

# Hurricane Girl

Alexz Johnson

All I need, all I know  
Beg you please, no I won't let go  
Moving on, it's not the same  
All messed up and it's that I blame  
Oh I came that way, oh I came that way  
Oh I came that way, oh I came that way

People talking like they don't even know where they're walking  
Hurricane girl  
About to explode  
Pieces missing, like they don't even know how to listen  
Hurricane girl, hurricane girl  
About to explode

Show me love, show you love  
It's like a trick, we have to rise above  
Let me face you in the eyes  
Let you know that when I did, I die  
Oh we came that way, oh we came that way  
Oh we came that way, oh we came that way

People talking like they don't even know where they're walking  
Hurricane girl  
About to explode  
Pieces missing, like they don't even know how to listen  
Hurricane girl (Hurricane girl)  
About to explode

All I need, all I know  
Beg you please, no I won't let go  
Moving on, it's not the same  
All messed up and it's that I blame

People talking like they don't even know where they're walking  
Hurricane girl  
About to explode  
Pieces missing, like they don't even know how to listen  
Hurricane girl, hurricane girl  
About to explode
