

# I Fell

Alexz Johnson

I won't let myself get tangled  
I won't go through this again  
I won't rise if you don't take a seat  
I won't let you take me in  
Then I fell, oh I fell  
It begins (it begins...)

I don't go where I don't want to  
I won't speak if you don't hear  
I won't say what I would not say  
I can't heal if I won't feel  
But then I can, oh I can  
It was real (it was real...)

Then I fell with you, I could not stand  
Oh, I flipped on the tips  
Of your own hands  
I will be what you need  
I will stand by your side  
I can feel what you feel  
I will cry when you cry  
It'll be me you're thinking of  
For your hands, I will be gloves  
And I will fall in love

I won't hurt you when I see you  
i can't kiss you if you ask  
I won't tell you all my secrets  
Like this will really last  
But look I fell, oh I fell  
Will it pass (will it pass...)

I'll follow your direction  
I'll never let this go  
I will be your shadow  
I'll go where you will go  
And look I fell, oh I fell  
I fell

Then I fell with you, I could not stand  
Oh, I flipped on the tips  
Of your own hands  
I will be what you need  
I will stand by your side  
I can feel what you feel  
I will cry when you cry  
It'll be me you're thinking of  
For your hands, I will be gloves  
And I will fall (in love...)  
In love (in love)

Falling in love (falling in love)  
I'm in love, I'm in love, I'm in love  
I'm in love

I will be what you need  
I will stand by your side

I can feel what you feel  
I will cry when you cry  
It'll be me you're thinking of  
For your hands, I will be gloves  
And I will fall in love  
(In love, in love, in love, in love, in love)  
(In love, in love, in love, in love, in love)  
(In love, in love, in love, in love)
