

# I'm In Love With My Guitar

Alexz Johnson

I've been trying too hard  
I've been spinning around  
Got people chasing me down  
Gotta find a way back to my world somehow, somehow

Right now I wanna get lost inside of a song  
Where there's no right or wrong  
In my room all alone is where I belong  
My life is mine once I'm behind the door

Whenever we're together no one's a star  
I can pour it all out right from the heart  
If it's up to me, we'll never be apart  
I'm in love with my guitar

I grab a handful of strings  
I've been dying to play  
It carries me far away  
I don't need to explain when I've got nothing to say, oh yeah  
If I break down it's all the sound I make

Whenever we're together no one's a star  
I can pour it all out right from the heart  
If it's up to me, we'll never be apart  
I'm in love with my guitar, oh yeah

Keeper of my secrets  
Part of all my dreams  
Somehow we're connected  
From a whisper to a scream

Whenever we're together no one's a star  
I can pour it all out right from the heart  
If it's up to me, we'll never be apart  
Cause I'm in love with my guitar

Whenever we're together no one's a star  
I can pour it all out right from the heart  
If it's up to me, we'll never be apart  
I'm in love with my guitar, oh yeah

I'm in love, I'm in love  
I'm in love with my guitar  
I'm in love with my guitar
