

Me Out Of Me

Alexz Johnson

Why you always trying to make me something that I don't wanna be?

Ooo, push me over, make me over, try to make a joke out of me

There's something you should know

I won't change and I'm not letting go

There's something you will see

You can't turn down cuz I'm breakin free ya

You just can't take the me out of me

Cuz that's what I need the world to see

You just can't take the me out of me

Oh there's no one else I'd rather be

I won't change my hair, I don't care if you call me a freak (freak)

Won't change my attitude, no I'll never change the way that I speak

There's something you should know

I won't change no I won't let go

There's something you will see

You can't turn down cuz I'm breakin free ya

You just can't take the me out of me

Cuz that's what I need the world to see, ya

You just can't take the me out of me

Oh there's no one else I'd rather be

Can't make me

Won't make me

Can't shake me

Won't break me down

Won't break me down

You just can't take the me out of me

Cuz that's what I need the world to see

Ya, ya, ya, ya, ya, ya, ya, ya, ya, ya, ya, ya, ya, ya, ya, ya

Oh there's no one else I'd rather be
