

Groove Of Christmas

Ali Lohan

Let's get in the mood for Christmas
Let's get in the groove of Christmas
I can't wait it's almost Christmas (A time so dear)
So much fun to wake up on Christmas
Time to celebrate it's Christmas (spread love and cheer)

Gather round everyone Christmas is getting near
It's that time when love is in the air
Had to wait through the year for this time to be here
It's that time when everyone cares

Let's get in the groove of Christmas (Christmas time)
I can't wait it's almost Christmas (a time so dear)
So much fun to wake on Christmas day (cause it's that time)
Time to celebrate it's Christmas (spread love and cheer)

Positive energy as we laugh cheerfully having fun with family and friends
(come on let's get in to it) Hanging lights on the tree
Hang a Santa Clause for me let the Christmas spirit begin

Let's get in the groove of Christmas (Christmas time)
I can't wait it's almost Christmas (a time so dear)
So much fun to wake on Christmas day (cause it's that time)
Time to celebrate it's Christmas (spread love and cheer)
on Christmas yeah
Come on let's get into it we've got to get into it
Let's get in the mood for Christmas
Hanging the Christmas lights let's make ginger bread cookies tonight
Let's get in the mood for Christmas
