

After All The Love Is Gone

Alias

Round and round, in a haze
Every night waiting for you
You run hot, then you're cold
But this game you play is, getting old
Now it's time you learned, with fire you're
gonna get burned
And my heart is stone, I'd rather be alone
Just turn and walk away

There ain't nothing you can ever say
Nothing you can do to make me stay
After all, the love is gone, it's gone

I closed my eyes, pretend that there was nothing wrong
In my heart, in my soul, I remember every lie
you told

Now I stand my ground, never gonna turn around
And my heart is stone, I'd rather be alone
Just turn and walk away

There ain't nothing you can ever say
Nothing you can do to make me stay
After all, the love is gone
You can beg me down on your knees
You can tell me that you'll never leave
After all, the love is gone Ya Ya

I'm gonna close that door, forget you're alive
Don't come around no more, I'm walking away
