

Caught in a Dream

Alice Cooper

Well I'm runnin through the world
With a gun in my back
Tryin' to catch a ride in a Cadillac
Thought that I was livin'
But you can't really tell
Been tryin' to get away
From that success smell

You know I need a houseboat and I need a plane
I need a butler and a trip to Spain
I need everything
The world owes me
I tell that to myself
And I agree

I'm caught in a dream
So What!
You don't know what I'm goin' through
I'm right in between
So I'll
I'll just play along with you

Well I'm runnin' through the world
With a gun in my back
Tryin' to catch a ride in that Cadillac
Thought I was livin'
But you can't never tell
What I thought was heaven
Turned out to be hell

Whoa-o-oh
When you see me with a smile on my face
Whoa-o-oh
Then you'll know I'm a mental case

I'm caught in a dream
So what!
I don't know what I'm going through
I'm right in between
So I'll
I'll just play along with you

Whoa-o-oh Oh
Whoa-o-oh Oh
Whoa-o-oh
