Clones (We're All)

Alice Cooper

I'm a clone
I know it and I'm fine
I'm one and more are on the way
I'm two, doctor
Three's on the line
He'll take incubation another day

I'm all alone, so are we all We're all clones All are one and one are all All are one and one are all

We destroyed the government We're destroying time No more problems on the way

I'm through doctor We don't need your kind The other ones Ugly ones Stupid boys Wrong ones

I'm all alone, so are we all We're all clones All are one and one are all All are one and one are all

Six is having problems Adjusting to his clone status Have to put him on a shelf "Please don't put me on a shelf" All day long we hear him crying so loud I just wanna be myself I just wanna be myself Be myself Be myself

I'm all alone, so are we all We destroyed the government We're destroying time No more problems on the way

I'm through doctor We don't need your kind The other ones Ugly ones Stupid boys Wrong ones

I'm all alone, so are we all We're all clones All are one and one are all All are one and one are all I'm all alone, so are we all We're all clones All are one and one are all All are one and one are all
