

# Dragontown

Alice Cooper

Well, here you are lying bleeding on a grimy street  
See the broken glass sparkling darkly as it cuts your feet  
Smell the rotting stench, the rancid odor of old cantonese  
Feel the toxic flames all around you, you can hardly breathe  
Come with me

Come on. I've got something to show you  
Come on. You thought that it was over  
Come on. You're really gonna love this  
Come on. Come on. Come on. Come on. Come on.

We can dig you a hole deep in the ground  
Bury your soul down in Dragontown  
We'll be lower than low, spiralin' down  
Far as you want to go, down in Dragontown

Open any door, remember everyone you met before  
Oh. There's a wicked young man, cooking slowly the frying pan  
And our family of bones are back together sleeping all alone  
Then there's Alice, dear, and all the little things that got hi  
m here  
Now you're here

Come on. I've got something to show you  
Come on. You thought that it was over  
Come on. You're really gonna love this  
Come on. Come on. Come on. Come on. Come on.

We can dig you a hole deep in the ground  
Bury your soul down in Dragontown  
We'll be lower than low, spiralin' down  
Far as you want to go down in Dragontown

We can dig you a hole deep in the ground  
Bury your soul down in Dragontown  
We'll be lower than low, spiralin' down  
Far as you want to go down in Dragontown

We can dig you a hole deep in the ground  
Bury your soul down in Dragontown  
We'll be lower than low, spiralin' down  
Far as you want to go down in Dragontown
