Halo of Flies

Alice Cooper

I've got the answers To all of your questions If you've got the money To pay me in gold

I will be living In old Monte Carlo And you will be reading The secrets of soul

Daggers and contacts And bright shiny limos I've got a watch That turns into a lifeboat

Glimmering nightgowns And poisonous cobras Silencer under the heel of my shoe

The elegance of China They sent her to lie here on her back But as she deeply moves me She'd rather shoot me in my tracks

And while a Middle Asian lady She really came as no surprise But I still did destroy her And I will smash Halo of flies

I crossed the ocean Where no one could see And I put a time-bomb In your submarine Goodbye to old friends The secret's in hand With full ream of papers And fantastic plans You never will understand
