

# Keepin' Halloween Alive

Alice Cooper

Well I'm coming for you this Halloween  
It's my favorite time of year, and I'm stealing the scene  
I terrify the kiddies when I'm walking down the street  
I got snakes in my hair, I got spiders on my feet

I keep it going, I keep it going  
I'm keeping Halloween alive, honey 3-6-5  
I keep it going, I keep it going  
When the sun goes down I'll be creeping through your town

Trick or trick or treat, gimme something to eat  
She put razors in my apples, and they tasted so sweet  
I won't wear a mask when I answer the door  
I ain't got no reflection, or a shadow no more

I keep it going, I keep it going  
I'm keeping Halloween alive, honey 3-6-5  
I keep it goin, I keep it going  
When the sun goes down, I'll be creeping through your town

You can run, you can hide, but you invited me inside  
Now I'm here and it's clear, I'll be feeding on your fear  
You'll be you squirming on the floor, that what Halloween is fo  
r  
I just cant stop, I'll never stop...no...no...  
I just cant stop, I'll never stop...I WANT YOU!!!

I keep it going, I keep it going  
I'm keeping Halloween alive, honey 3-6-5  
I keep it going, I keep it going  
I'm keeping Halloween alive, baby 3-6-5

I keep it going, I keep it going  
I've kept Halloween alive since 1965  
I keep it going, I keep it going  
I'll keep my Jack-o-lantern light on for everyone tonight!
