

Only My Heart Talkin'

Alice Cooper

Anybody's dream can fall apart
Anybody's mask can break
Couldn't tell you how I wanted you
Enough to make you want to stay
I never said the words out loud
I guess I couldn't get 'em straight
Baby, give me one more chance
Before you walk away

It's only, only, only, only my heart talkin'
Yeah, it's only, only, only, only my heart talkin'
Sayin' things I never thought I'd say
Can't you hear me knocking
I tried to fool you but it wouldn't play
'Cause my heart it's talkin', it's talkin'
Oh baby, it's talkin'
Talkin' to you

Everytime I take it to the edge
Everytime I'm so afraid
Don't you know I cry my eyes out, babe
Everytime you look away
Oh, I almost dropped a tear
But I caught it just in time
I'd say those things you want to hear
If you'd help me, help me, help me try

It's only, only, only, only my heart talkin'
Yeah, it's only, only, only, only my heart talkin'
Sayin' things I never thought I'd say
Can't you hear me knocking
Tried to fool you but it wouldn't play
'Cause my heart it's talkin', it's talkin'
Baby, it's talkin'
Talkin' to you

Well, I don't want to hide away
Hide away without you, baby
Don't you go and run away
Come and help me, baby
Just a little help, baby
Oh, my little baby

It's only, only, only, only my heart talkin'
Yeah, it's only, only, only, only my heart talkin'
Sayin' things I never thought I'd say
Can't you hear me knocking
I tried to fool you but it wouldn't play
'Cause my heart it's talkin', it's talkin'
Baby, it's talkin'
Talkin' to you

It's only, only, only, only my heart talkin'
Yeah, it's only, only, only, only my heart talkin'
Yeah it's only only only only only, only only only
My heart talkin'
Talkin' to you

It's my heart that does the talkin'
talkin' to you
ah... talkin' to you
