

Painting A Picture

Alice Cooper

Ahh

We've been so caught up in the subject first again
Playing and laughing and slaving and begging our friend
Who lies and to try to cut off our heads like we were
Painting our picture to show everyone in the world show them

Killing is natural the legs and faces can break
We're not superiors hiding behind the gray paint
Who lies and to try to cut off our heads like we were
Painting our picture to show everyone in the world

Ahh, ahh, ahh, ahh
Woo, woo, woo, woo, woo, woo
