

Salvation

Alice Cooper

What if I'm wrong?
I've been deceived all along
What if I'm wrong?

What have I done?
Did I waste a life just for fun?
What have I done?

What did I do?
I did what voices told me to
What did I do?

Where will I go?
Will I sink through fire down below
Where will I go?

Any chance of salvation
Any chance for me
Any chance of salvation for eternity
Any chance of salvation
Someone died for me
Washed in blood, he cared enough to pity me

Why do I care?
What's wrong with me, my hate is gone?
Why do I care?

When did I change?
What's different now, it's very strange?
When did I change?

Any chance of salvation
Any chance for me
Any chance of salvation for eternity
Any chance of salvation
Someone died for me
Washed in blood, he cared enough to pity me

In my heart, in my soul
Some thing's new, that's very old
Like a pain that's finally gone
I feel my heavy burden lifted

Any chance of salvation
Any chance for me
Any chance of salvation
Any chance of salvation
Any chance for me
Any chance of salvation for eternity

Any chance of salvation
Any chance for me
Any chance of salvation for eternity
Any chance of salvation
Any chance for me
Any chance of salvation for eternity
