

# The World Needs Guts

Alice Cooper

Hey you!  
Fighting for your life where you've never fought before  
Hey you!  
Running from the scene and nailing down your door  
Oh yeah!  
Back 'em off, brother  
Oh yeah!  
Terminate the mother now  
You know you gotta get hard

The world needs guts  
The world needs power  
Show me some blood  
Show me some cuts  
Show me some scars  
The world needs guts  
The world needs us

Hey you!  
Crying 'cause your best friend's splattered against the wall  
Hey you!  
Some maniac butcher's tryin' to hack away your balls  
Oh yeah!  
Back 'em off, brother  
Oh yeah!  
Terminate the mother now  
You know you gotta get hard

The world needs guts  
The world needs power  
Show me some blood  
Show me some cuts  
Show me some scars  
The world needs guts  
The world needs us

Hey, hey, what's in your eyes? I think I'm getting through  
Say, say that you despise the things they did to you  
Pray, pray some day their throats are in your hands  
Take them, shake them 'til they understand

The world needs guts  
The world needs power  
Show me some blood  
Show me some cuts  
Show me some scars  
The world needs guts  
The world needs us

Hey you!  
You gonna let some scumbag stab you in the back  
Hey you!  
Turn around kicking and rearrange your sack  
Oh yeah!  
Back 'em off, brother  
Oh yeah!  
Terminate the mother now

You know you gotta get hard

The world needs guts  
The world needs power  
Show me some blood  
Show me some cuts  
Show me some scars  
The world needs guts  
The world needs us
