

# You Gotta Dance

Alice Cooper

We like to throw our bodies around  
We like to feel each other  
We're all slaves when we hear that sound  
says dance  
says dance  
says ya gotta dance  
says dance  
(there ain't no two ways about it )

We're all compelled to rise and thrust  
when we all move together  
We're all hypnotized with savage lust  
says dance  
says dance  
says ya gotta dance  
says dance

I'm so hot it makes me shiver  
Makes me wet  
Makes me slide  
It's some spirit I'm possessed by  
I can't stop  
We just got to dance  
Dnce  
Dance

We gotta blow when he says blow  
And we gotta shake and shimmy  
He got the strings tied to our souls  
Says dance  
Says dance  
Says we gotta dance  
Says dance  
(and I don't mean tomorrow)

I'm so hot it makes me shiver  
Makes me wet  
Makes me slide  
It's some spirit I'm possessed by  
I can't stop  
We just got to dance  
Dance  
Dance
