You Make Me Wanna

Alice Cooper

You're the star, you're the face You got the look that can erase You look the world right in the eye Stare 'em down, baby, make 'em cry Well, I know it don't make much sense I'm in love with your innocence What you got? What I need You took my breath Now let me breathe What you got? What I need I'll follow where you lead You make me wanna Woo hoo hoo You know you make me wanna Woo hoo hoo Oh, you make me wanna Woo hoo hoo Yeah, I think I gotta Woo hoo hoo You're the bomb, I'm the fuse Light me up and turn me loose You shake me up when you walk by Heart is beating and my mouth is dry Well, I know it don't make much sense But I'm in love with your innocence What you got? What I need You took my breath Now let me breathe What you got? What I need I'll follow where you lead You make me wanna Woo hoo hoo You know you make me wanna Woo hoo hoo Oh, you make me wanna Woo hoo hoo Yeah, I think I gotta Woo hoo hoo You know you make me wanna Woo hoo hoo Woo hoo hoo Woo hoo hoo Woo hoo hoo What you got, what I need You took my breath Now let me breathe What you got? What I need I'll follow where you lead You make me wanna Woo hoo hoo You know you make me wanna Woo hoo hoo Oh, you make me wanna Woo hoo hoo (What you got?) Oh, I got to Woo hoo hoo

(What you got?)
Yeah, yeah, yeah
Woo hoo hoo
What you got?
What you got?
Woo hoo hoo
Woo hoo hoo
Woo hoo hoo
Woo hoo hoo
Woo hoo hoo
