

## All Secrets Known

Alice In Chains

Hope,  
A new beginning  
Time,  
Time to start living

Like just before we died

There's no going back  
To the place  
We started from

Hurt,  
Falling thru fingers  
Trust,  
Trust in the feeling

There's something left inside

There's no going back  
To the place  
We started from

All secrets known ...

Calm,  
All wounds are healing  
Strong,  
Truth is worth saving

I want to feel alive

There's no going back  
To the place  
We started from

All secrets known ...
