## It Ain't Like That

**Alice In Chains** 

There I was, laid out on a table Screamin' sweat and bare feet to the floor In my life, I'd not soften Things that cut, and burn so often But I sit, think of somethin' Scared to face, the dyin' nothin'

See the cycle I've waited for It ain't like that anymore

Where I go is when I feel I'm able How I fight is why I'm feelin' sore In my mind, not forgotten Feel as though, a tooth were rotten Behind the smile, a tongue that's slippin' Buzzards cry, when flesh is rippin'

See the cycle I've waited for It ain't like that anymore

Here I sit writing on the paper Trying to think of words you can't ignore In my eyes, what I'm lacking Score at face, a ten for slacking Sign the deal, set in motion Smaller fish, so huge the ocean

See the cycle I've waited for It ain't like that anymore
