

# Take Her Out

Alice In Chains

Here I am again  
I feel time is draggin' on  
Aren't you getting tired of me?  
Whinging overdrawn

Faceless, blind  
Want to take her out again  
She's not just mine  
Want to take her out again

In a bodiless embrace  
Thriving i have grown  
Fickle changing grip replaced  
Choking take it all

Faceless, blind  
Want to take her out again  
She's not just mine  
Want to take her out again

Dedicated, true to form  
Still the only one  
Only guarantee  
Continue after I am done

Faceless, blind  
Want to take her out again  
She's not just mine  
Want to take her out again
