

Wanna, wanna,  
Wanna take a ride on my motor bike,  
Wanna take a trip in, my space ship,  
Wanna take a ride on my motor bike,  
Wanna take a trip in, my space ship,

On the way to the moon, in a giant balloon,  
Better hurry up, we're steering back to earth soon,  
Want to know what I think, is you painted with pink,  
A mean imagination and a shit load of ink,  
I'm not gonna lie, I really like to get high,  
Everything is possible, the limit's the sky,  
I'm not gonna lie, I really like to get high,  
Everything is possible, the limit's the sky,

Wanna, wanna,  
Wanna take a ride on my motor bike,  
Wanna take a trip in, my space ship,  
Wanna take a ride on my motor bike,  
Wanna take a trip in, my space ship,  
Wanna take a trip in, my space ship,  
Wanna take a trip in, my space ship,

Now the sad thing is now, we do whatever we like,  
You and me together 'til the end of the night,  
We are shaking things up and they can't make us stop,  
We're doin' what we do whether you like it or not,  
We are crossing the lines, spreading the words,  
Alice back in town baby, haven't you heard?  
We are crossing the lines, spreading the words,  
Alice back in town baby, haven't you heard?

Wanna, wanna,  
Wanna take a ride on my motor bike,  
Wanna take a trip in, my space ship,  
Wanna take a ride on my motor bike,  
Wanna take a trip in, my space ship,  
Wanna take a trip in, my space ship,  
Wanna take a trip in, my space ship,

Wanna get on my submarine, wanna get on me, I'm clean,  
Want you to want me to want you, to fuck the shit out of me,  
Wanna get on my submarine, wanna get on me, I'm clean,  
Want you to want me to want you, to fuck the shit out of me,

Wanna, wanna,  
Wanna take a ride on my motor bike,  
Wanna take a trip in, my space ship,  
Wanna take a ride on my motor bike,  
Wanna take a trip in, my space ship,  
Wanna take a trip in, my space ship,  
Wanna take a trip in, my space ship
