

The Unbirthday Song

Alice In Wonderland

Statistics prove, prove that you've one birthday,
one birthday ev'ry year.
But there are three
hundred and sixty four
unbirthdays.
That is why we're gathered here to cheer.
A very merry unbirthday to you, to you.
A very merry unbirthday to you,
Now blow the candles out my dear
And make your wish come true
A very merry unbirthday to you
