

Gary Song

Alice Smith

When I walk down
The streets at night
All the brothas
They just stop and sigh
They say hey baby
What you doing tonight
Why don't you get down
In my car and ride

We can go
To the movie show
We can do
Anything you want
Anything but
Don't you pass me by
Maybe I'll stop maybe
It's worth a try

But if we start
The ball to rolling
Will it stop
Or keep going to the point
I don't know
When I'm gon stop

I said ain't another lady
Quite like me
Why don't you try why
Don't you taste and see
We ain't gotta tell
Another soul
Maybe it's better
If nobody knows

Like the boys
In the undercover
We can be each other's
Secret lover
Keep the secret
Between you and I
Maybe I'll stop maybe
It's worth a try

But if we start
The ball to rolling
Will it stop
Or keep going
To the point
I don't know
When I'm gon stop
