

# Dragon Days

Alicia Keys

Like a damsel in distress  
I'm stressin' you  
My castle became a dungeon,  
Coz I'm longin' for you (longin' for you babe)  
Feelin' strong for you  
Your my knight in shining armour  
See your face in a silver moon  
Oh, over the lagoon

And it feels like, dragon days  
And the fire's hot  
Like the desert needs water  
I need you a lot  
Dragon days  
I need to be saved  
I'm missin' you  
(and the days drag on and on)

Desperate for you baby  
Do you know what that means?  
(It means I feel like)  
I feel like an addict must feel  
When he fiends...  
In an act of desperation  
I get lost in my dreams  
(Coz like a)  
Lady in waiting, I'm waitin' for ya  
(Like a) Like a prisoner tied over alligator waters  
(Waiting for my) prince of paradise to come and  
To take me away  
From these... (tock tick)

Dragon days  
And the fire's hot  
Like the desert needs water  
I need you a lot  
Dragon days  
I need to be saved  
I'm missin' you  
(and the days drag on and on)

Don't you wanna play?

D-R-A-G-O-N days  
Got me D-R-A-G-G-I-N  
Coz I want you babe  
And I need you baby

Dragon days  
And the fire's hot  
Like the desert needs water  
I need you a lot  
(I need a lot, I need you so bad)  
Dragon days  
I need to be saved  
I'm missin' you  
(and the days drag on and on)
