

Fire We Make

Alicia Keys

Yeah, it's crazy, it's crazy, come on, come on
Yeea hee hee, I wanna tell you really, oh yeah, wanna know yeah
I wanna know yeah

Hey baby how you doing tonight
I wanna let you know, I wanna tell just how I feel
Don't wanna love you baby and it's going so right
I wanna burn a candle, turn the darkness to the light

With the fire we make, it's getting hotter and hotter
Like a moth to a flame, I can't stay away
From the fire we make, it's getting higher and higher
Like the night to the day
I can't stay away, no no no

Stay away...

Hi baby, wont you tell me the truth
You wanna be the one, you can't stay away
Hey darling, don't you make no excuse
We can chase the sun, and burn the hole inside you

From the fire we make it's getting hotter and hotter
Like a moth to a flame, I can't stay away
With the fire we make it's getting higher and higher
Like the night to the day
I can't stay, I can't stay away

This abyss of the world and it takes us to the stars
It's getting higher and higher
It's the fire we make it's the fire we make
Getting sweeter, and sweeter
Like a night to a day
I can't stay away, say is, no no

Can't stay away, no no no

I wanna tell you, I wanna love you, I just wanna stay with you
I can't be done, just can't stay away, I wanna make some much f
ire with you
Baby
I wanna go, gonna go, to you darling
Yeah yeah
