## Girlfriend

Alicia Keys

Baby, silly for me to feel this way about you and her Cuz I know she's been such a good friend I know she has helped you through

Talking late on the phone Every night you've been calling Private moments alone And your heart soon be falling And I know she's a friend But I can't shake the feeling That I could be losing your heart

I think I'm jealous of your girlfriend Although she's just a girl that is your friend I think I'm jealous of your girlfriend She shares a special part of you

You said that she's one well to see How deep you're in love with me And intentions were not to get in between But I see possibilities

And you say that you feel I'm the best thing in your life And I know it's real I see it in your eyes There's no reason for me, to even feel this way I know you just enjoy her company

I think I'm jealous of your girlfriend Although she's just a girl that is your friend I think I'm jealous of your girlfriend She shares a special part of you
